1. At a recent meeting in Washington of KUBARK officers with QKFLOWAGE it was suggested that the QKFLOWAGE representative in the WAVE area might provide technical assistance for AMBUD's propaganda program. It was the consensus that such assistance might be helpful to AMBUD, and the KUBARK officers saw no security objection so long as the assistance is limited to technical advice or services and does not include financial support.

2. It is recommended that PAA-SAVOY suggest to AMBUD-1 that he consider getting in touch with Identity, the QMFLOWAGE representative.
